Foreword

TO THE TRADE:

We take pleasure in presenting our 1923 contract and general trade list.

An institution grows as it is capable of serving well its many customers: WE serve the discriminating trade what they demand: MERIT FLOWER SEEDS.

We are justly proud of the esteem and favor our stocks have attained, and devote all our energies to the perfecting of strains and the breeding up of new varieties.

We extend to the seed trade a most cordial invitation to visit our experimental and test grounds and our extensive ranches, and personally acquaint themselves with the purity of our cultures.

We are prepared to grow from customers stocks and give personal attention to this branch.

We again welcome the opportunity to thank our patrons for their generous support in the past and will do our utmost to justify their continuance.

AWARDED SILVER GILT MEDAL OF THE NATIONAL SWEET PEA SOCIETY OF GREAT BRITAIN AT THE EXHIBITION OF THE AMERICAN SWEET PEA SOCIETY HELD AT THE PANAMA PACIFIC EXPOSITION, SAN FRANCISCO, JUNE 11, 1915, FOR DISPLAY OF SPENCER SWEET PEAS.

AWARDED FIVE "AWARDS OF MERIT" FOR OUR STRAINS OF STOCKS AT THE "TRIAL OF STOCKS" CONDUCTED BY THE ROYAL HORTICULTURAL SOCIETY OF GREAT BRITAIN, AT WISLEY, ENGLAND IN 1922.

NEW EARLY FLOWERING SPENCER SWEET PEAS OF MERIT

EARLY ELDORADO—A pure orange salmon; early everblooming, of robust vigorous habit. In color it is synonymous with the late variety Robert Sydenham. It is practically sunproof and does not require shading. We predict it will supersede all so-called orange varieties. Price per $\frac{1}{4}$ lb. \$3.00, per lb. \$10.00.

EARLY ROSE DORÉ—A beautiful rose pink suffused orange; early, very robust habit. It is soft rose suffused salmon orange, borne on long stems carrying three and often four well placed flowers. Price per $\frac{1}{4}$ lb. \$3.00, per lb. \$10.00.

EARLY STARLIGHT—A clear lavender blue; synonymous in color with the late Hawlmark Lavender. "The silvery blue of a night in the Silent North." Very early, a strong grower. The flowers are nicely placed on long stout stems. Price per $\frac{1}{4}$ lb. \$3.00, per lb. \$10.00.

EARLY GRENADIER—This is the most brilliant Sweet Pea yet introduced. A true early, everblooming type, of robust habit.

The color may be best described as a glowing poppy scarlet; synonymous with our late flowering variety The Cardinal.

Early Grenadier was awarded a Certificate of Merit by "The Commercial Flower Growers of Chicago." Price per $\frac{1}{4}$ lb. \$3.00, per lb. \$10.00.

EARLY PURITY—This is the purest white that has originated in the early group. By careful comparison the purity is several points ahead of any other white variety. The blooms come four on a stem and are distinctly waved, giving the sprays a very distinct effect. Price per $\frac{1}{4}$ lb. \$3.00, per lb. \$10.00.

New Extra EARLY Flowering DOUBLE COSMOS

Ever since the introduction of the Double Cosmos we have been working to get this valuable florists flower in the Early Type and have at last succeeded in obtaining it in three separate colors.

They grow to a height of about three feet, forming a perfect bush massed with bloom, bearing beautiful double flowers of good size on long stems.

This strain comes about seventy-five per cent double from seed. They bloom in seventy days from planting, so that seed sown the latter part of April will easily be in bloom by the Fourth of July and continue till cut down by frost.

New Colors in Eschscholtzias

After six years of constant endeavor we are able to introduce absolutely new colors in Eschscholtzias. Our many friends who have admired these Eschscholtzias, as they have seen them growing, each year in our Experimental Grounds will be glad to know that we have at last succeeded in fixing them so that they will remain constant.

ESCHSCHOLTZIA BALLET GIRL—Outside of petals intense cochineal carmine, inside of petals creamy white, beautifully frilled and fluted.

The contrast of color combination in this variety is very startling.

ESCHSCHOLTZIA LOVELY—We consider this Eschscholtzia well named, it being a lovely tone of bright rose pink suffused with salmon, the blooms having a satiny appearance which adds very much to the effect.

ESCHSCHOLTZIA MAUVE BEAUTY—A delicate new color previously unknown among Eschscholtzias it being a beautiful shade of pure mauve.

NOVELTIES

Novelties of Our Own Raising

ESCHSCHOLTZIA ORANGE FLAME—Vivid orange-scarlet, the flowers are slightly smaller than the ordinary Eschscholtzia; while the plant is very erect and compact not more than nine inches high. This variety will be found very suitable for borders.

ESCHSCHOLTZIA PURPLE GLOW—Undoubtedly the greatest advance that has been made in Eschscholtzias. It is a bright reddish purple and is the darkest shade that has been obtained so far.

ESCHSCHOLTZIA SCARLET BEAUTY—This is one of the brightest colors in Eschscholtzias, it being a deep scarlet and as the plants are very erect, it has the appearance when in bloom of a vivid scarlet tulip.

ESCHSCHOLTZIA TANGO—Bronzy red overlaid terra cotta. This rare color produced quite a sensation among all who saw this new Eschscholtzia growing on our ranch, it being the tango color which was so popular among the ladies a few years ago and is yet.

Price per ounce \$1.00, per $\frac{1}{4}$ lb. \$3.00, per lb. \$10.00.

A New Shirley Poppy of Merit

POPPY SHIRLEY "AMERICAN LEGION"—This new single Shirley is a dazzling orange scarlet of enormous size, borne on long stout stems. The plants are of very erect robust growth. Price per $\frac{1}{4}$ lb. \$0.75, per lb. \$2.50.

A New Larkspur

DOUBLE STOCK FLOWERED TALL "EXQUISITE"—The color of this charming new Larkspur is a beautiful soft pink and will be highly prized by seedsmen who cater to the florists trade. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00

SPECIALTIES

"ALYSSUM PROCUMBENS"—Carpet of Snow. A very select strain grown by us with the greatest of care, habit two and a half inches high and about twelve to eighteen inches in diameter, and has the appearance of a nice flat pancake. The blooms are massed, completely hiding all foliage, and a field of this in bloom has the appearance of being covered with snow. Price per $\frac{1}{4}$ lb. \$0.75, per lb. \$2.50.

"ANTIRRHINUM NANUM GRANDIFLORUM WALLER'S SILVER PINK"—is the last word in pink antirrhinums; it is of vigorous habit growing to a height of twenty-four to thirty inches. The flowers are of large size, a beautiful shade of pearly pink set closely on long spikes. As a florists variety it is unsurpassed. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

CALENDULA "ORANGE KING"—Double, dark orange red, a very select strain grown by us with the greatest of care for our customers in the seed trade who make a specialty of catering to the florist trade. The plants in the open ground under ordinary field cultivation attain a growth of eighteen inches high and produce blossoms three and a half inches in diameter. What they will do under intensive hothouse culture can be left to the imagination. Price per $\frac{1}{4}$ lb. \$0.30, per lb. \$1.00.

CANDYTUFT "GIANT HYACINTH FLOWERED WHITE EXTRA SELECT"—A very select strain worked up by us from a single plant selection made in 1916. This parent plant threw ten perfect spikes, but the average from the offspring is six and seven. We believe this to be the finest strain of this variety offered. Price per $\frac{1}{4}$ lb. \$0.85 per lb. \$3.00.

COSMOS EXTRA EARLY, MAMMOTH FLOWERING—In separate colors of "WHITE," "PINK," "CRIMSON." As a result of continued selection for earliness and size this strain of Cosmos has been placed in a class by itself. The blossoms under ordinary field cultivation average four to five inches across, surpassing in size any of the late varieties. From seed sown in the open ground, the "WHITE" blossoms in exactly sixty days, the "PINK" in sixty-five days and the "CRIMSON" in seventy days. Price per $\frac{1}{4}$ lb. \$0.55 per lb. \$1.75.

"ESCHSCHOLTZIA HYBRIDA MIXTURE"—New large flowering erect type containing a large percentage of new colors in Eschscholtzias and includes soft pink, scarlet, chrome, copper, red, mauve, claret and royal purple. When in bloom this mixture is most gorgeous. Price per $\frac{1}{4}$ lb. \$0.85, per lb. \$3.00.

GYPSOPHILA ELEGANS GRANDIFLORA; "PARIS MARKET"—An improved strain of this popular florists flower, the plants grow about the same height as the older type, but the flowers are much larger and are pure white, without the objectionable veining of the older type. Price per $\frac{1}{4}$ lb. \$0.20, per lb. \$0.50.

SPECIALTIES

NASTURTIUM TOM THUMB, "EMPRESS OF INDIA"—A very select strain of this popular dwarf dark scarlet variety, with extra dark leaves. Price per lb. \$0.40.

PETUNIA "ROSY MORN"—Compact, extra select strain grown from carefully selected plants. Price per $\frac{1}{4}$ lb. \$4.00, per lb. \$15.00.

PETUNIA Hybrida Nana Erecta VIOLACEA—A wonderful acquisition to the dwarf group; very compact, free flowering plants. The blooms are a beautiful steel blue or deep violet, with no trace of magenta. Comes true from seed. Price per $\frac{1}{4}$ lb. \$3.50, per lb. \$12.00.

SCHIZANTHUS WISETONENSIS "ROSE AND AMBER SHADES"—
(Poor mans orchid)

This hardy annual should have a place in every seedsman's catalogue.

Ours is a beautiful large flowered strain composed of the most desirable colors in schizanthus, containing many shades of pink, rose, and amber blotched with gold. The color balance is exquisite. Price per $\frac{1}{4}$ lb. \$2.50, per lb. \$8.00.

FOUR VERBENAS OF MERIT

A new strain of grandiflora verbenas; the plants are compact growing, bearing immense trusses, the individual florets measuring an inch and over in diameter. These verbenas are fixed and come true from seed.

ALBA, pure white.

ROSE CARDINAL, carmine rose with large white eye.

ROSEA STELLATA, a pure rose pink, with large white eye.

LUCIFER, vivid scarlet self, nearly twice as large as the older type. Price per $\frac{1}{4}$ lb. \$3.00, per lb. \$10.00.
